Nice work environment, under paidBDC Representative (Former Employee) - Woodside, NY - May 17, 2022**Indeed Featured review**

The most useful review selected by Indeed

They will have you work overtime and then cut your hours to be under 40. However the work environment is good if you have a good manager. Upper management will belittle you.

Get your money and goSupport/manager/online sales (Former Employee) - Bronx and Queens locations - March 14, 2023

worst communication between departments ever, between owners everything is in hebrew, and no matter how good you are they're family and friends will take your job any day. You'll work 50+ hours a week and have to fight for your money no matter what the pay plan or agreement was come payday, which is also when they feel like it.

Co-workers are good people but always angry or unmotivated because of the pay and environment.
